

Return to In-Person Services Playbook

This document is intended to be a resource for Thom providers as they return to providing in-person services. The guidance around COVID-19 and associated precautions will continue to evolve over time and this document will be updated to reflect any new guidance.

We are excited to learn from Thom pilot families and staff and we will incorporate lessons learned into our guidance as we gradually increase in-person service delivery. Thank you for your dedication and commitment to children and families during these challenging times.

To share tips, ideas, or lessons learned during this pilot period, please visit the group: Thom Pilot Return to In-Person Visits on [Workplace](#).

Table of Contents

Section 1: Staff Preparation

- 1.1 [Protocol For Coming to Program](#)
- 1.2 [Thom Employee COVID-19 Screening Questionnaire](#)
- 1.3 [Clinical Considerations for In-Person Visiting](#)
- 1.4 [PPE Quick Reference Sheet](#)
- 1.5 [In-Person Visit “Daily Dilemma” Scenarios](#) (Updated: 5/3/21)
